

Teen Advisory Committee Application

McAllen Public Library

Why should you join the Teen Advisory Committee?

1. To provide an opportunity for Teens to increase their leadership skills all while gaining community service hours.
2. For Teens to have a voice in the library, encouraging them and others to use the library as a resource.
3. Make social connections with fellow teens that have the same interest.
4. For members to have a safe and comfortable environment to help shape our organization and learn new skills.
5. Provide an opportunity for Teens to assist in library programming, increasing their responsibility in the organization and encouraging fellow teens to join in with their programming ideas.

Regular Committee meetings are held twice monthly at the Main Library.

Turn in application form at the Teen Department or at your first meeting.

Your Contact information will only be used to notify of meetings and volunteer opportunities.
